Features & Options

- Etched Teflon Leadwires and Foamback Insulator
- Several Material, Finish and Color Options
- Wide Selection of Temperature Sensing Elements
- Limited Lifetime Warranty

Wall Plates are ideal for areas where a discreet, rugged zone sensor is required. All Wall Plates feature 1/4" closed cell foam backing which covers the plate and insulates it from wall temperature. All units also feature etched Teflon leadwires and double encapsulated sensors to create a watertight package that can perform in the real world.

Override

A momentary Override is available as a Keyswitch or three styles of Pushbutton — Standard, Durable & Low Profile. The Standard model features a small, momentary pushbutton while the Durable model features a larger and stronger momentary pushbutton. The Low Profile Model is water resistant for washdown/wipedown applications and is

Replacement Key Replacement keys are available for Wall Plates with Keyswitch Override. See "Accessories".

available with a red or green LED indicator.

Communication Jack An optional 3.5mm phono-style Communication Jack is available.

Color and Finish Options Standard Wall Plates are available

in aluminum or stainless steel with a metallic finish; however, many other color and finish options are available as special orders. Call BAPI for details.

12/07/15

For detailed specs on the individual Sensors & Transmitters, turn to the Sensors section

Specifications

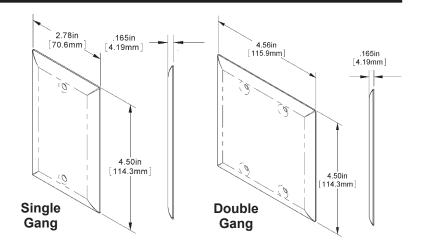

Material:

Aluminum or Stainless Steel

Environmental Operation Range: Temperature: -40 °C to 100 °C -20 °C to 70 °C with transmitter

Humidity: 0 to 95%, non-condensing

*All Passive Thermistors 20KΩ and smaller are CE compliant.

Call BAPI if you have questions about the above ordering grid or the configuration of the product you are ordering.

Three or more gang Wall Plate Units are available. Call BAPI for details.

¹Voltage to power LED indicator (5 VDC or 24 VDC or VAC) must come from the controller or other external source.

²Security Screws are stainless steel and may not match the color of the aluminum wall plate

*Louvered Plates are not available with Temperature Transmitters, Override or Comm. Jack

**Double gang is required when used with Temp. Transmitter and Override or Comm. Jack. (See "-SP-152" option above)
