

G92 Series

# BASOTROL® Combination Silent Automatic Gas Valve

## Description

The G92 Series are automatic pilot valves and automatic gas valves that shut off both main and pilot gases. Pilot gas is tapped from main line within control. Gas will flow only to pilot burner when reset button is depressed. The manual pilot valve stop can be adjusted for maximum pilot flow.

## Specifications

- Use K15, K16, or K19 thermocouple
- Pilot connection is 1/4 in. cc
- Maximum inlet pressure is 1/2 psig
- Maximum surface temperature is 175°F

## Electrical Connections

- **Line Voltage Model:** 30 in. #18 AWG stranded wire, conduit connector
- **Low Voltage Model:** 1/4 in. male quick-connect terminals
- **Transformer:** must be ordered separately.

## To Order

Specify the code number from the following selection chart.
